An Infopeople Workshop

You attended the "Simply Irresistible: Storytimes for Newborns to Two Years" workshop taught by Colleen Willis. We at Infopeople read in the evaluations for the workshop that many participants had wonderful resources that others would like to share, but there was no easy way to do this. We have now created a workshop wiki, which is an online place where anyone can add and edit content (think Wikipedia). It is very easy to put up resource material - you can copy/paste or simply link to files, and you can enter text directly online.

The directions for getting to and using the wiki are below. We hope that you will take a couple of minutes to share one or more of your favorite resources for newborns to two years.

1. Go to: infopeopleworkshops.pbwiki.com/
2. Click the **Login** link in the upper right corner of the browser window.
3. Enter the Wiki Password/Invite Key infopeople (lower case i)
4. Enter your name and email address, click **Login** to finish registering.
5. Click on the name of the course to which you want to add info.
6. Click the **Edit page** button to add content.
7. Use the toolbar to edit the text, just like you would use Word.
8. Click **Save** to finish editing and save your changes.

Please let us know what you think of this as a follow-up to the workshop.
