

Dear Cheesecake Factory,

The Palo Alto City Library hosts a monthly parenting program and normally partners up with a local restaurant. I'm wondering if the Cheesecake Factory would be able to help us out. On Thursday, January 5, we are hosting "Family Food and Fitness" at the Downtown Library. We are planning on showing healthy, nutritious food options for families. I was eating at Cheesecake Factory a month ago and saw that you have a "SkinnyLicious" menu that has dining options for less than 590 calories that would be perfect for the program. Here's some more information about our program:

**Family Food and Fitness**

Date and Time: Thursday, January 5 at 7 pm

Location: Downtown Library, 270 Forest Avenue, Palo Alto, CA 94301

Get your family in shape for 2012! Learn how to sneak those 5 cups of fruits and vegetables into your kids' diets, great active places to take your family, encouraging positive body image with children, and easy healthy family recipes.

I hope you can help us out!

Sincerely,

Cheryl Lee, Senior Children's Librarian
