Q&A Session for Digital Preservation: Audio and Video Formats

Session Number: 577126150
Date: 2012-3-20
Starting time: Noon

_____

!Kevin Miller(kevin.miller3@pepperdine.edu) - 12:39
Q: Thanks, Jake. What are your thoughts on Digital Betacam? Is that still a good pres-
ervation choice while we're waiting for a file format to emerge?
Priority: N/A!

_____

!Lance Watsky(lwatsky@tft.ucla.edu) - 12:41
Q: So ofter archives have a lot of audio-visual materials. Do you have any suggestions
for assessing what is important to preserve for the future, and how the efforts can be
funded?
Priority: N/A!

_____

!Hannah Palin(filmarc@uw.edu) - 12:41
Q: Can you explain how HTML5 delivers video and how it is good for preservation?
Priority: N/A!

_____

!Robin Hartman(rhartman@hiu.edu) - 12:41
Q: What are the "issues" with Flash video. Why don't Apple products support them?
Priority: N/A!

_____

!Robin Hartman(rhartman@hiu.edu) - 12:59
Q: Thank you!
Priority: N/A!
